EDUCATION

Vishwakarma Institute of Technology, Pune

B-Tech in Computer Science and Engineering (Data Science)

2024 - Present

Suryadatta Public School, Pune

Higher Secondary Certificate (HSC) – 12th Grade

2022 - 2024

New India School, Pune

Secondary School Certificate (SSC) – 10th Grade

2020 - 2022

TECHNICAL SKILLS

Programming Languages- Python, C, C++, JavaScript

Web and Mobile Development- HTML5, CSS3, React.js, Node.js, Express.js, Flutter

Version Control & DevOps- Git, GitHub, Docker

Tools and Cloud Platforms- SQLite, Cisco Packet Tracer, Google Cloud Platform (Cloud Run, Cloud Storage)

PROJECTS

Real Time DDoS Detection and Visualization

- Designed and implemented a real-time DDoS detection system using WebSocket and Express.js to log and analyze web traffic behavior.
- Developed an interactive showcase website with dynamic charts and real-time updates to visualize traffic data and anomalies.
- Simulated a controlled DDoS scenario and showcased live monitoring of requests to a hosted target website.

TaskForge – Decentralized GPU Sharing Platform

- Built a decentralized platform to enable GPU sharing for ML training and graphics rendering.
- Implemented secure resource sharing with basic peer-to-peer networking and explored blockchain-based payments.
- Developed a prototype with containerized execution and a web dashboard for resource monitoring and task management.

Smart Tourist Safety Monitoring & Incident Response System

- Proposed blockchain-based digital ID with KYC integration, geo-fencing alerts, and AI-based anomaly detection.
- Designed a mobile app concept with safety scores, panic button, real-time alerts, and multilingual support.
- Envisioned a central dashboard for authorities with heatmaps, incident logs, and automated E-FIR generation.

CERTIFICATIONS

- Deloitte-** Cyber Job Simulation
- Advanced Excel-** SevenMentor Pvt Ltd

EXTRA CURRICULAR

- Sponsorship Head Geeks for Geeks VIT-** Led sponsorship initiatives by negotiating and finalizing corporate partnerships to secure funding and resources for technical events.
- Class Representative-** Coordinated between faculty and 70+ students, managed academic communications, and streamlined class operations.
